5. Press to decrease setting value of the selected item.
6. Press to increase setting value of the selected item.
7. LED indicator:
 - Blue indicator-Brightness
 - Red indicator- Contrast
 - Purple indicator-Color

Specification:

Input system:

Composite Video: NTSC3.58/NTSC4.43/PAL/PAL M/PAL N/SECAM auto-detection.

RGB Video: Fv=50Hz/60Hz interlace RGB video auto-detection

Output connector:

SCART Composite Video: 1 Vp-p 75 ohm

SCART RGB Video: R/G/B 0.7Vp-p 75 ohm. Sync on composite-video.

Power supply: DC 7.5 500mA, center; positive

Dimensions: 87.5mm(W) x 155mm(D) x 40mm(H)

Accessory: Power adaptor

Weight: 250g
